the Past Week.

PROS.

Walter Walker, charged with the crime of incest, was arrested here on Tuesday, October 2nd, by Bill Hargrave. A few years ago, and before there was a law against the crime, Walker was accused of incest; his trial was held before the High Council of the Mormon church. Two or three years ago he was arrested for the same crime, committed after his excommunication; his case was brought before the grand jury, but for some reason they failed to indict him and he was set free. So he has been up to himself twice again, and those who know him say that the evidence is such as will place him behind the bars for a second trial. The only regret is that he was not placed, when arrested before, in a place where he could not continue his evil and filthy acts. Before the former arrest of Walker there was strong talk of lynching him, but through the efforts of good and wise minds the idea was abandoned. The sympathy of the community is extended to the family of the accused, who have been caused by such an ungodly father. He was taken to Park City and held in 25000 bonds, which could not be furnished, and he was remanded to jail.

The snow storm this first of the week put a stay to threshing and harvesting of grain.

Quite a number of our young people attended the Sunday school conference held in Coalville on Saturday 20th and 21st, and were delighted with the exercises. These conferences are educational, and will do much good both for young and old. The remarks by the speakers were truly and gage encouragement to the Sunday school workers and pupils alike. The visiting speakers from Salt Lake, Elberon, and Richards, were listened to with marked attention and their visit was highly appreciated. We predict that when the next conference is held that standing room will be in demand.

E. H. Hirtz, the enterprising merchant of Oakley, was in town this week on business.

Miss Ann MacLean has returned home from the ranch at the head of Weber canyon.

The roads throughout are bad, owing to the late storm, there being mud and mud in plenty.

President Chevalier's proclamation was received with great satisfaction, and the people say he has done a noble act in that he has restored the franchise to so many who will do him no harm, and will be among our best citizens.

Few hours less than in shade over the scandal that has again come upon her, but now she is not, as yet, capable of the vile actions of one depraved man.
